**Ms Christy Bledsoe
Office Manager
City of Foley Recreation Department
Foley, AL**

Dear Ms Bledsoe,

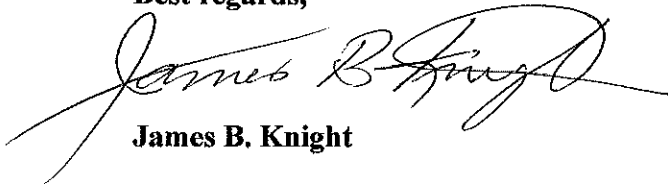

It was my pleasure speaking with you this morning concerning the service we offer the community. We use a small literature display "Cart" (see attachment) to offer free Bible-based literature and Bibles to the public. This method of community service is being done in cities all over the world. We produce Bibles in over 200 languages. We also prominently display our official website JW.ORG. This website is available in over 600 languages and publications can be read and downloaded in over 750 languages.

The cart is managed by one or two people in well professional business attire. We do not approach those passing by or call out to them. If the display piques their interest, they may approach and obtain any of our literature or ask questions. All of our literature is offered free of charge and we do not accept any donations in this setting.

We were approved early last year by the city for Fridays, and would like to extend it to Saturdays as well.

Should you need to contact me for any additional information, please contact me at: 251-424-2294.

Best regards,

James B. Knight

to me

Mr. James Knight,

This email is to follow up with our phone call and discussion that upon receiving permission to use the parks through the City of Foley Park's Department and as long as you are in the park and off of the right-of-way then you DO NOT have to have a parade/demonstration permit. 聽 I understand that at the time of this writing that you intend to be at Heritage Park on Fridays from 0800 to 1500 hrs on Fridays. 聽 Please keep a copy of this while you are there and call me at 424-0626 if you have any problems. 聽
