Mayor Hellmich reported that the towing company is responsible for collecting all debris, but the Police Department will be made aware of the issue so they can monitor the situation.

Council Member Burkle also provided an update regarding the lift station at County Road 12 and Wolf Bay Drive. He reported that improvements have been made, but that after a recent increase in odor, a container with hoses has been installed, which is unsightly.

Mayor Hellmich reported that the sewer company believes it is a grease issue and they will possibly install a peroxide station in the future to address the problem.

Visitor Carol Distefano, of 911 Gibson Court, addressed Council to express her concerns regarding the number of stray dogs throughout the city. She reported that the County Animal Shelter recently added kennels, but that they were immediately filled. Mrs. Distefano requested that the City consider providing additional resources or a bigger animal shelter to address the issue.

Mayor Hellmich reported that the City is in the process of expanding the temporary holding facility to a Class A facility, and that it is currently in the design process. He reported that the City is also trying to partner with NGOs in the area to help find homes for the stray dogs once they have been picked up.
