I'll go talk to Katy this morning. I guess separate the mower out and place on legistar.

Wayne this will need additional budget funding but I don't see an alternative. However, it will transfer to the new location once built.

Please see attached documents for an increase in PWS capital purchase account, capital purchase worksheet, and quote for a new fuel station kiosk and software update.

Unfortunately the price has doubled since I obtained a budget quote a year ago. The good thing is that this new package will offer some relief for our IT department. It is cloud based software.

Another good thing is that it will transfer to our new facility once built.

So, please approve this increase and purchase and send to Councilman Trawick for the March 21st agenda.

Thank you
