Good afternoon,

Taylor, our City Engineer, has asked if a street light could be added to an existing pole at James Rd/CR12? You will see his message and photos of the area in question below.

Any help would be greatly appreciated!! :)

Thank you,

Daisha

Daisha please reach out to your EMC contact to see if they can add a street light on the existing wood pole in the southwest corner of this intersection (assuming EMC).

Thank you for the quote. We will work on this item as it has to be taken to Mayor and Council for approval. Is there a monthly service associated with this light as well?
