Attachments: Final 2015 Brochure.pdf

Hi Sue,

Thanks so much for your interest in CAFR-Online. Per your request, I've attached a .pdf copy of our brochure.

We have two phases to the project. The implementation is where we replicate the prior year CAFR (09/30/2014 in this case) and then an annual service fee. I've looked over your 9/30/2014 CAFR so can provide you with a quote of \$5,000 for the implementation and \$2,500 per year for the annual service fee (fixed fee for five years). This would include remote implementation/training. We would invoice for half the implementation fee and your annual service fee in 3/31/2016 (six months after your fiscal year) . The first half of the implementation fee would become due after we replicated the prior year CAFR. ~~\$2,500~~

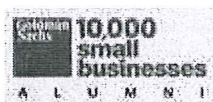

Do you have an hour next week so we could schedule a demo to walk you through the software and answer any questions you have?

Best wishes,

Joe Stimac

Subject: CAFR-Online.com Request For Information

I would like to receive a brochure and quote for your CAFR-Online solution.

Thank you,
Sue
