Subject: Proposed City Contribution to Cedar Street Drainage Project

Dear Mr. Cox,

The City of Foley would like to formally propose a maximum financial contribution of \$25,000 toward the drainage improvements associated with your project along Cedar Street. We recognize the mutual benefit of additional drainage infrastructure along the west side of Cedar Street between Carolyn Avenue and US 98.

In addition, due to the importance of maintaining school access and avoiding weekday closures of Cedar Street, the City requires that the drainage installation be completed over a weekend. We understand that this requirement may increase the project's cost due to work being performed outside normal business hours, which is reflected in the proposed contribution amount.

We appreciate your cooperation and continued partnership in supporting the City's infrastructure and community goals. Please let us know if these terms are acceptable so we may coordinate next steps and formalize the contribution agreement.

Sincerely,

Ralph Hellmich, Mayor
City of Foley

 11/5/25
Daniel Cox, Owner
Kennedy House Project
