Is this purchase listed on the capital projects plan in the approved budget? No

What amount is approved in the plan for this project? N/A

In what year is this project shown to begin in the plan? N/A

Description of the project and why the project needs to be completed at this time.
Project will consist of converting the 90 degree turn from CR 12 at Wolf Bay Drive into a low speed curve for the east to south movement and the north to west movement. A stop sign will be added to the westbound approach.

Can your job be performed without the completion of this project? Please explain below.
N/A

Will not completing this project cause a public safety issue? Please explain below.
The increased traffic generated by subdivisions along Wolf Bay Drive along with the successful city events at GCNP have transitioned the primary traffic patterns to allow Wolf Bay Drive to become the primary through-put instead of the peninsula of CR 12.

Do you expect to come in, at, or under budget on this project? Please explain below.
A construction budget has not been established at this point. We request funding the survey proposal now (\$3,000) with the construction likely to take place in FY 22. Engineering plans to perform the design in-house.

Is there a grant associated with this project? No
If so please list below the grant amount and the match required by the City.
