Alabama General Contractor License Number 38478

We will provide labor, materials and equipment to perform the following:

- Furnish and install (2) 48" Shutters on existing fans **For the sum of: \$950.00**

- Replace (13) skylights
- Replace all roof screws with long life fasteners
painted to match roof color
- Replace 60 linear feet of closure strips at office to warehouse wall transition.

For the sum of: \$7,725.00

Note: Steel markets remain highly volatile and prevent us from guaranteeing our prices for deliveries occurring after August 15, 2015. If, through no fault of Kemko, the project is delayed past that date and Kemko's material costs have risen, the contract price may be adjusted accordingly. Any decrease in material costs after that date will also trigger a corresponding contract price reduction.

Payment Schedule: To be determined.

The cost of a building permit is not included above. If Kemko is to erect the building, additional charges may result if access to the entire perimeter of the building is obstructed or otherwise limited. Power for tools used during erection will be provided by others. If power is not provided, the necessary use of Kemko's generators will result in additional charges. If a foundation price is quoted, it is contingent upon a site inspection and an engineering review. The costs of any required soil or compaction tests are not included above.

ACCEPTANCE OF PROPOSAL

The price(s), specifications and conditions outlined herein are satisfactory and are hereby accepted. Payment will be made as outlined above.
