To Whom It May Concern,

Redemption Church of 18109 US HWY 98 Foley, Alabama, has been privileged to partner with Coastal Rehabilitation for Women, an addiction recovery program located at 302 S Alston St Foley, AL. We are honored to provide counseling services, transportation services, host special classes and events, and provide volunteer opportunities for the residents.

In recent months we have been able to further assist by offering housing to residents at our secondary property located at 18047 US HWY 98 Foley, AL. The program has proven invaluable to our area and is continuously growing. In order to keep up with the need, Coastal desires to expand their housing offerings and we wish to assist in this endeavor by modifying our secondary property in order to provide more aid to more women.

The current structure at 18047 US HWY 98 Foley, AL has an existing two car carport attached to the dwelling. We wish to enclose this area of the existing structure and remodel it to increase the overall heated and cooled square footage of the structure. The remodeling of the carport would allow for us to offer an additional bedroom and half bathroom for the residents to utilize.

Robert Burt, a licensed builder with the State of Alabama and owner of Kenzie Construction, has agreed to donate all labor necessary to complete the remodel.

Sincerely yours,

Andrea Overstreet
