RE: Debris Removal by City Contractor
PIN 234239

To Whom It May Concern,

By copy of this letter the City of Foley advises that we are mobilizing a contractor to remove fallen trees and other debris from the natural stream channel that passes through the referenced property. This work is being performed as emergency maintenance to eliminate blockages and restore efficient drainage flow in the vicinity and to help alleviate the potential for upstream flooding.

The property will be restored to an equal or better condition and all debris shall be removed at the cost of the City of Foley. Please feel free to contact me if you have questions or need additional information.

Sincerely,

Chad P. Christian, P.E.
City Engineer
