A PUBLIC HEARING APPROVING PETITION FOR ANNEXATION AND BRINGING PROPERTY INTO THE CORPORATE LIMITS OF THE CITY OF FOLEY (MTSC Land Development)

President Trawick opened the public hearing at 5:31 p.m. to approve a petition for annexation and bringing property into the corporate limits of the City of Foley owned by MTSC Land Development. President Trawick asked for comments from the public.

Terry Grant, 119521 County Road 20, addressed the Council with his concern of MTSC Land Development's plan to build an apartment building on property that is adjacent to his property. He also introduced Lily Stewart and James Flowers who are also adjacent property owners. Mr. Grant reported he also had a petition signed by fifteen neighbors who oppose an apartment building being built on the MTSC property due to drainage issues and second story units being able to see down into neighboring yards. Mr. Grant asked how far away do multi-family structures have to be from existing single family structures. City Planner Miriam Boutwell reported the multi-family structure has to be at least 50 feet away from an existing single family structure. Ms. Boutwell also reported there are several other steps that must be taken by the developer before the multi-family structure can be built and there will be a site plan review at the Planning Commission. She also reported she spoke with the developers and they are willing to work with the neighbors to alleviate any concerns such as drainage and the need for fencing. City Administrator Mike Thompson suggested that Ms. Boutwell and City Engineer Chad Christian sit down with the residence and explain the process and regulations that are in place. The MTSC parcel of land is currently in the county and it is not zoned. Once the parcel is annexed into the corporate limits of the City of Foley, the

City will regulate the development and have strict standards that MTSC must follow and this will be to the benefit of the neighbors. Councilman Hellmich reported that if MTSC stays in the county, they can still build the multi-family structure, but if they are annexed into the City, they must follow the City's standards and the City will make sure all concerns are addressed. MTSC representatives Stephen Carter and Mike Threlkeld reported they want to be good neighbors and are willing to do what it takes to work with the neighbors to satisfy their concerns. Hearing no further comments, President Trawick closed the public hearing.

Mayor's Comments

There were no comments to report.

Visitor's Comments

Nealy Roper -1709 South Oak Street, addressed the Council with his concerns of vehicles speeding through Aaronville on Oak Street between the hours of 3:00 p.m. and 7:00 p.m. Mr. Roper reported as long as there is a constant police presence in Aaronville, the cars do not speed as much. He also reported that speed bumps may help. Councilman Ebert, III asked if there is a lot of traffic in the mornings due to drivers avoiding the school traffic on Cedar Street. Mr. Roper reported he did not believe so and it is primarily during the hours between 3:00 p.m. and 7:00 p.m. He also reported that it is not just high school kids speeding through Aaronville.

Police Chief David Wilson reported that he agrees with Mr. Roper that the speeding on Oak Street is a problem. Until the City installed stop signs, people

would speed all the way down Oak Street. He reported even with the stop signs, some people will blow through the stop signs without stopping. Police patrol through there regularly but Chief Wilson reported the police can not be there all the time. Speed bumps were placed on adjacent avenues to slow people down. Chief Wilson suggested placing rumble strips on Oak Street. Councilman Hellmich reported the City of Mobile placed traffic humps in some areas of the city, which are larger than the speed bumps. He suggested the first responders and engineering look into this together since speed bumps may hinder emergency vehicles. Chief Wilson reported even though Oak Street is a major street, speed bumps may be warranted.

Executive Session

President Trawick reported there was a need to go into an Executive Session.

City Administrator Mike Thompson reported the Executive Session is to discuss the consideration of the purchase, sale, exchange, lease or market value of real property and negotiations involving matters of trade or commerce as described in the Open Meetings Act. The Executive Session will take approximately 30 minutes and Council will not return to vote. Councilman Hellmich made a motion to go into Executive Session and Councilman Ebert, III seconded the motion. Mr. Thompson took the following roll call vote: Council Member Quaites, aye; Council Member Hellmich, aye; Council Member Blackwell, aye; Council Member Ebert III, aye and President Trawick, aye. The vote was unanimous to go into Executive Session.

The Council meeting recessed at 6:31 p.m.

Reconvened

President Trawick called the meeting to order at 6:52 p.m. All Council Members were present. Also present: Mayor Koniar, City Administrator Mike Thompson, Britton Bonner and Jeff Rouzie. At this point President Trawick announced there was no further business to conduct.

Adjourn

A motion was made by Council Member Ralph Hellmich to adjourn the meeting. The motion was seconded by Council Member Charles Ebert III and carried by an unanimous vote.

The meeting adjourned at 6:53 p.m.
