To whom it may concern:

Foley High School girls' basketball is experiencing success this season at seldom seen levels. The girls are state ranked, beat the #5 team in the state in the playoffs yesterday, and are going back to Montgomery for more playoff basketball next week and then hopefully on to Birmingham for the Final Four.

With this success comes added expense. The basketball staff, players and parents work hard to fund the program – as do all our extra-curricular programs – and they need our help at this time. I have encouraged my teachers and staff to help with these expenses, and some of them have requested permission to speak to friends in the community.

This letter is authorization for any of my staff to solicit funds for FHS girls' basketball during this playoff run. We appreciate our community's support!

Respectfully,

Russ Moore, principal

Go Lions!
