Freddie the Firetruck™

Next Image

Freddie the Fire Truck™ is an exciting tool for teaching fire safety. A fully animated fire truck robot, Freddie moves, speaks, listens, plays audiocassette tapes and sounds his siren, all by remote control. He can wink, blink, and move his eyes and with his smiling mouth he presents a positive and friendly image to young and old alike. He can be used with great success in school classrooms, assemblies, station tours, shopping mall exhibits, state and local fairs, and any other setting where your safety education program is represented.

Shaped like a fire truck, Freddie is the ideal symbol for your department in the community. He's just the right size for teaching children. He can communicate with them at their eye level and is perfect for hugs and kisses from small friends. He's agile enough to maneuver easily in school classrooms and other restricted areas. With his headlights, taillights and flashing warning lights he is highly visible. Freddie will make your public relations program both fun and effective.

Freddie has an entire line of available materials that will keep your fire prevention message in the minds of the children long after they leave your program. Coloring books, matching crayons, pencils, bookmarks, certificates, badges, magnets and more all feature Freddie teaching your safety message.

Educational Materials

We have produced an entire line of available materials that will keep your safety message in the minds of the children long after they leave your program. Coloring Books, Bookmarks, Badges, Litterbags, and more all feature your safety message.

Freddie the Fire Truck Super Motors Package

Freddie the Fire Truck is an exciting tool for teaching fire safety. A fully animated fire truck robot, Freddie moves, speaks, listens, plays audiocassette tapes and sounds his siren, all by remote control. He can wink, blink, and move his eyes and with his smiling mouth he presents a positive and friendly image to young and old alike. He can be used with great success in school classrooms, assemblies, station tours, shopping mall exhibits, state and local fairs, and any other setting where your safety education program is represented.

Price: **\$8,877.00**
Part Number: 100034

Product Options

These options will really make your presentation a hit. Simply Check the options you like and they will be added to the cart with your order.

 **-Voice Modifier**
\$298.00

The voice modifier allows you to change the pitch of your voice so that it sounds more robotic and animated when you speak to your audience. You're robot will come preset with a cartoon sounding voice, but if you don't like the setting you can use the controls to change the pitch to really low or really high!

 **-Water Squirter**
\$275.00

The Water Squirter option, allows your robot to carry a reservoir of water and squirt your audience! It shoots a stream of water out from the front of the robot that has a range of about 20-25 feet. It's perfect for getting children excited about the robot and its message! Not to mention getting attention.

 **-Optional Robot Custom Paint**
\$500.00

Custom Paint: Robotronics will custom paint your robot to match your existing vehicle. Paint codes are always welcomed with a picture of what your vehicle looks like. Call our sales department for a quote for both the Paint.

-Vinyl Decal Package
\$250.00

Your Custom Vinyl Lettering

The Vinyl Package is a set of custom stickers that can be applied to your robot, such as Sponsors Logos, Department Logos, Stripes, or text like "Call 911." This also includes Bumper Decals (2) and wheel decals (4). If you would like the vinyl lettering, please give us an idea of what you would like. Logos, lettering, racing stripes, flames on the side? Let your imagination do the work here. We will call you to confirm and finalize all the details. Can be applied by us or by the customer.

Custom Logo with Bumper and Wheel decals

All done Picking your options? Press Add to cart and the Product Package along with the options you checked will be placed in your cart.
