

Capital Purchase Worksheet

Directions:

Please complete all questions below and submit to Mike Thompson and Wayne Trawick for approval.

Submitted by: David Thompson

Date Submitted: 4/8/2019

Is this purchase listed as a capital purchase in the approved budget? No

What amount is approved in the budget for this purchase? \$0

Description of the item and why the item is needed at this time.

A robotic line painter can paint a soccer field by itself within 30 minutes. The lines are straight and the labor of 3 men painting will be eliminated. This product uses GPS to help paint accurate lines based on the layouts provided.

Can your job be performed without the purchase of this item? Please explain below.

Yes, but the time, labor and accuracy would be greatly improved with the purchase of a robotic painter. We currently have issues trying to overcome quick turnarounds, weather delays, and new layouts.

Have you obtained any quotes on the purchase to determine if it will come in, at, or below budget? If so, please attach.

The estimated amount for purchase is \$45,500, but we are requesting \$50,000 to be safe. We feel like this is our most pressing need at the moment and will delay or eliminate the planned capital purchases of a laser line painter (\$11,000), Zero Turn Mower (\$11,000), Tractor with Loader (\$30,000)

Is this to replace a current capital asset? No

If so please list below the item being replaced and why it can not be used any longer.

N/A

How do you plan to dispose of the item that is being replaced?

N/A
