During this time we will be using the park for our local outreach "Snow Cones In The Park", where we are inviting the children from our church, with an open invite to the community. Ages will range from 6-12 with the following activities:

- Puppet Show
- Skit
- Variety of Games
- Serving Of Snow Cones

We are also requesting that there be electricity available from the light poles. Near the playground.

The purpose for this time of fun and games is to create friendships, while reaching out to the community. Thank you for your consideration in allowing us to use the park for the time and events listed above.

Sincerely,
