Please see below regarding our request to increase the current budget to cover the labor and equipment still needing to be completed on 3 Chevrolet Silverado trucks. We have two outstanding purchase orders from FY2020 for this equipment and labor that are needing to be closed.

Due to COVID19 production on the trucks and shipment on the equipment was ridiculously delayed and has caused our department to miss the 09/30/2021 deadline for completion.

We have all equipment currently in hand with the exception of push bumpers. But we are going to move ahead with installation to get these trucks road ready if approved.

Thank you in advance for your consideration and approval.
Have a wonderful weekend!
