Dear Chief Darby,

We at Crossroads VFD are respectfully requesting your consideration of a donation to our department of 16 Honeywell SCBA backpack frames, 16 masks, 32 cylinders, and any quantity of spare mask that you can provide. We have recently purchased a new fire apparatus and had to add on to our building to house the new apparatus. These expenses have us in a position to not be able to replace our expired SCBAs.

We greatly appreciate your consideration.

John "Chip" Mays

Fire Chief
