Tanger Way has been drawn in and I ranged it as 2410-2535 as this is what our addressing software recommended. I had to make numerous corrections to street centerlines in the area this morning as I found several errors and items not jiving. I never realized how off S McKenzie St was until this morning but I left that alone.

The streets in blue have all been corrected/added and ranges adjusted to align more with what I believe was the intent. I was trying to line up with S McKenzie St where I could.

Tanger Way will be okay.

The closest roadway name is Tanager Lane in Spanish Fort.

We will get it added. Do you all want to come up with the block range or would you like for us to do it?

Scott

Let us check on the road name availability and confirm it's not a duplicate name there or elsewhere. Otherwise sounds good to me.

Could we name it Tanger Way? Or something similar? That way it would clearly identify it's how to get to Tanger's parking lot.

You are welcome to pick one but let Sam or I know which one so we can cross it off and put it under the City use.

Do you have a list that could suggest some road names?

This is the one Samantha talked to you about.

Thanks,
