It is my opinion n Kathleen McVey would be a wonderful fit for the Senior Center's Advisory Board. Kathleen is a baby boomer and younger than most participating seniors and I believe she would bring a freshness to the Board, as she does the senior center. She actually has been a big help to me, by volunteering to step into my place as the Yoga instructor while I had shoulder surgery and went thru rehab. She also is active with the travel group, attends the lunch and learns, the day trips, the coffee series. Kathleen also volunteers at the library and sits on the board for the Friends of the Library, and finds time to run 5k's and marathons all over the world in her spare time. She does all of this with a smile on her face.

Sincerely,

A handwritten signature in blue ink that reads "Lorelea Blake". The script is cursive and fluid, with the first name "Lorelea" and last name "Blake" clearly distinguishable.
