Vickey/Katy,

We need to add an agenda item to request funds from Council to do a survey of the ditch that separates Collinwood and Meadowrun. Riviera is removing their utilities along that route and we are interested in the City gaining an easement from the property owners in order to maintain that ditch. Ralph and Taylor and I met with members of their HOA and we would like to do a survey and mark an easement so that property owners that back up to the ditch will know how much space we would need in order to maintain the ditch. I think we should request an amount not to exceed \$3k but Taylor may have a better estimate than me. I believe that should do it.

Our hope is that in return for maintaining the ditch, the property owners will move back their fences to give us the necessary room to do so.

Mike

Attached is the signatures for the Survey from the members of Meadow Run who will live on that side. Please let me know if there is anything else I can do.

Hope you both have a good weekend.

Sincerely,

Ford Handley

Mike and Ralph,

First off, I want to apologize to you both for being blindsided by 9 members of my Association. I told two people the night before and reiterated the message the day of the meeting that this was simply step one. However, I want to thank you both for how you handled the situation. Everyone was happy with the outcome of the meeting.

Moving forward, we did get the signatures of everyone on the West side of Meadow Run to move forward with the survey. I will be getting the signed letter tonight. I can scan, email, fax or mail the letter to you. Please let me know which method you prefer and we to go from there.

Once again I apologize.

Sincerely,

Ford Handley
