Hey Angela we can install a light on a wood pole with overhead wire on the west side of Shoenight Cir for a cost of 772.58. For that price you can get a 100 or 150 watt light. The 100 is 6.50 and 150 is 7.70 a month.

I put a red stake where we would install the pole if yall want to take a look and see if that is ok where it would go.

If have any question just let me know

Thanks,

Sol

Does the attached pricing for this location's install still valid?

Angela Cooper
