Vetted Subscription	Recurring	3/1/2026	2/28/2027	99	Usage Based	\$4,722.00
Background investigation software to manage process required for vetting a new employee. Provides centralized place to manage candidates through selection process for both recruiters and background investigators. Pricing for Vetted is based on the Quantity purchased where Quantity represents the anticipated use of the Vetted product taking into account Customer's historical use over the prior twelve month period. If Customer's usage exceeds the Quantity during a given subscription year, NEOGOV will adjust the pricing for any subsequent year to take into account Customer's increased usage based on Customer's actual usage in the twelve-month period preceding the new subscription year or in the case of a renewal term, the twelve month period preceding the generation of the renewal quote (or an annualization of usage if twelve months of usage are not yet available). For avoidance of doubt, nothing restricts NEOGOV from increasing its per unit pricing in the ordinary course of business.
