Thank you Darrell.

Wayne this request is for three vehicles budgeted for Public Works. It looks like combined, they come in just under budget which is very good in this time of inflation.

Mike

I have finally found some rolling stock to buy. Attached you'll find a quote for 3 heavy duty trucks. If you recall one of these were pushed into FY 22 from FY21 because of availability. One is for the new crew we are hiring and the other is for replacing an inoperative truck. Please approve and send to Wayne for the 2nd agenda in April. We need to move on these.

Thanks
