Subject: Fwd: Wayne's Approval

Wayne,

The attached is a request to approve as a capital item the Tanger Road improvement/extension from the Tanger light to the Burton Development. We will be requesting to add this project to the capital plan and seek approval to go to bid. When all is done, the net affect to the city will be zero. We will be reimbursed \$250k from ALDOT and the balance of the project will be paid by Burton Properties. We will have to pay the contractor in order to show the city expenditure to ALDOT in order to receive the \$250k from ALDOT, but Burton will pay us all of the cost beyond the \$250k.

We are wanting to place this on the agenda for Monday with your OK.

Mike

The one thing I did forget was the Capital Project Worksheet that Mike and Wayne have to sign off on. According to our guidelines that were updated in September, this is required of all capital projects.
