Are the annual amounts for yr 1 and 2 varied simply to meet budget? If so, I would keep it at \$33k a year and just ask for 13k above budget rather than setting us up for that big jump for year 2. Otherwise I am fine.

Mike

Good afternoon, attached is a request to move forward with purchasing Axon in car video systems for the (14) new vehicles we are receiving over the next couple of months. The Axon quote has been attached.

We are aiming for a council presentation date of May 16th!

Thank you in advance for your consideration and approval, have a wonderful weekend.
