Wayne,

This is a capital request from Parks. Our current capital plan has him buying a front mount mower this year and a pickup next year. He is asking to flip those two. The truck is actually about \$9k less expensive than the mower so this will save us a bit this fiscal year.

If you are in agreement I will have Gary move forward with placing it on an upcoming council meeting.

Mike

Mike attached is the quote and capital purchase worksheet. According to our previous conversation I would like to purchase a truck this fiscal year not a front mount mower. I would like to purchase the front mount mower next year.

Please pass along to Wayne for approval for the March 5th agenda.
