to me

Dear Ms.O'Donnell,

As you requested, this letter is to confirm that the Bruce Childress family would like to build a yard swing for the Foley Police Department to own and enjoy during breaks, lunches or other opportunities they may have. This is offered as an expression of our appreciation to the Foley Police for the many years that we lived under their protection and received personal benefits from their service.

We plan to build the swing at our facilities and erect it facing your lake at a spot of your designation with no expense to the police department and no publicity to our family. We appreciate the Foley Police, and want y'all to know of the community's support for you in your service efforts. Although we will be working on this project as a family, and we have no definite deadline, we hope to complete and install the swing before Thanksgiving. We hope this is acceptable and agreeable to the Foley Police Department.

Thank you so much for all you do in service for the community.

Sincerely,

Linda Henry and  
The Bruce Childress Family
