Subject: Street Light Electric Cost for Glenlakes Unit 1 POA

Good morning Mayor Ralph Hellmich and Councilman Dick Dayton,

On behalf of Glenlakes Unit 1 Property Owners Association, I want to thank you for the leadership and dedication you and your team demonstrate in service to the City of Foley.

I am writing to you to request the City of Foley assume responsibility for the electricity costs associated with the street lights located within Glenlakes Unit 1 POA.

We are one of five POA's located in Glenlakes. It is my understanding that the City currently covers the cost of electricity for the street lights in the rest of the Glenlakes community. The City already covers the cost of electricity for Phase 1 and 2 of Glenlakes Unit 1 POA. When the City Council accepts Phase 3 sidewalks and streets, we ask they also accept our street light electricity cost.

My understanding is the City Council agenda for August 18, 2025, will include Lennar's request for the City to accept Phase 3.

We respectfully ask for your consideration in providing the same service arrangement for Phase 3, and in the future once built out for Phase 4 of Glenlakes Unit 1 POA.

Thank you in advance for your assistance in this matter.

Sara Filley

President, Glenlakes Unit 1 POA Board
