Lee Lawson, President/CEO
Baldwin County Economic Development Alliance
P.O. Box 1340
Robertsdale, Alabama 36567

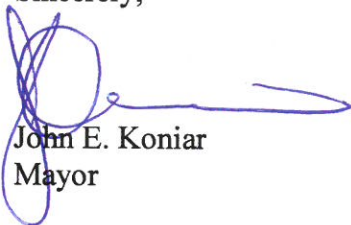

Dear Mr. Lawson,

It is our understanding the Advantage Site program is a recruiting tool that you and the State of Alabama use to lure prospects to a site. We strive to provide jobs to our local people and work very hard to diversify our economy by recruiting new business to our area as well as maintain what we already have. We feel this program will benefit the City of Foley and current tenants of the Foley Beach Express Industrial Park by helping to bring in new business to the site.

The City of Foley supports the submission of the Foley Beach Express Industrial Park to the Advantage Site program offered by the Economic Development Partnership of Alabama and is excited about the opportunities this program can bring to our area.

The City of Foley will work with the Baldwin County Economic Development Alliance and the state officials to actively market the Foley Beach Express Industrial Park as an Advantage Site. We look forward to working with the BCEDA, EDPA and others throughout this process.

Sincerely,

John E. Koniar
Mayor
