

August 4, 2014

Roddy Burkle, Chairman
City of Foley Planning Commission

Dear Roddy,

I will be resigning from the Foley Planning Commission effective September 1, 2014.

I have enjoyed my time on the commission and appreciate the opportunity to contribute something to the city of Foley. In light of recent events concerning Graham Creek Nature Preserve, however, I no longer feel that I am in sync with the city leaders' plan for this area. I find that I am quite disillusioned by city leaders so anxious for money, rapid growth, and national attention that they would place high impact sporting events in a place that they themselves named a "nature preserve".

I disagree with their methods, their plans, and their reasoning, therefore, I have nothing more to offer.

Sincerely,

A handwritten signature in cursive script that reads "Sandi".

Sandi Caudill
