

Caboose Club
Foley's Model Train Exhibit

April 26, 2022

To: LaDonna Hinesley, Depot Manager

The Caboose Club believes that the sheet metal train near the model train exhibit is dangerous and should be removed.

We have identified a train-themed play set that we would like to purchase to replace it. We are agreeable to use funds from the Depot Museum Checking account, up to \$20,000.

We understand that as the cost exceeds \$15,000, the city will require bids to purchase this equipment.
