RE: Public Project Recommendation

Dear Mayor and City Council Members:

The City of Foley Planning Commission held a regular meeting on March 21, 2018 and the following action was taken:

Public Project- Airport

Construct Access Taxiways and an 8 Unit T-Hangar

Commissioner Abrams made a motion to recommend the approval of the public project. Commissioner Watkins seconded the motion. All Commissioners voted aye.

Motion to recommend approval of the airport public project passes.

Please let me know if you have any questions or concerns.

Respectfully,

Amanda Cole
Planning and Zoning Assistant

MAYOR: John E. Koniar

CITY ADMINISTRATOR: Michael L. Thompson

CITY CLERK: Katy Taylor

COUNCIL MEMBERS: J. Wayne Trawick; Vera Quaites; Ralph G. Hellmich; Cecil R. Blackwell; Charles Ebert III

Re: Foley Municipal Airport Projects – Construct Access Taxiways and Construct an 8-Unit T-Hangar

Planning Commission Members:

As Airport Manager for the City of Foley, I maintain a waiting list for individuals who would like to lease a T-Hangar unit for their aircraft at the Foley Municipal Airport. At this time, I have over 60 individuals who are waiting for an available unit. In order to accommodate more people, the FAA and ALDOT Aeronautics Bureau have approved funding to help us construct an access taxiway and an 8-Unit T-Hangar.

This project will consist of two separate aspects:

- 1) Construct Access Taxiways – The project will include construction of one (1) asphalt taxiway needed to access the T-Hangars. The taxiway will be approximately 275 ft. x 25 ft. and will provide access from the existing apron to the proposed hangars. The location of the new taxiway will be in accordance with the Airport Layout Plan (ALP).
- 2) Construct an 8-Unit T-Hangar – The project consists of the construction of one (1) pre-engineered 8-unit nested T-Hangar. The new hangars will be located to the south of the existing T-Hangar facilities located on the south apron as shown on the Airport Layout Plan (ALP).

I appreciate your consideration of these projects.

Sincerely,

Rachel Keith
Airport Manager
