Hi Mike and Wayne,

We had some lighting work done at the depot (which looks great!) and used grant funding. Sue is helping with the resolution to memorialize the expense because the total went over \$5,000. There are two parts to doing this. One is a request to move funds from operations to capital. The other is a request for a budget increase for the capital account. I have attached forms asking your permission to make these changes and bring this to council.

Mike, I had you sign one similar to this last week. When Sue took a look there were changes that needed to be made, therefore you are seeing a second permission request.

Thanks,

LaDonna
