Juniper Street from Pride Drive to CR20
City of Foley, Baldwin County

Dear Mr. Christian:

Reference is made to your letter dated July 30, 2014, in which permission was requested for your agency to utilize a consultant, selected from ALDOT's list of on-call consultants, to perform construction engineering and inspection (CE&I) services on the above-referenced project.

Attached is a list of the consultants that currently have on-call CE&I services contracts with ALDOT. The City may select a consultant from this list and enter into negotiations with that consultant to arrive at a fair and acceptable estimate of mandays and expenses and an allowable maximum fee. The terms of the agreement between the City and the consultant shall be the same as the terms in the on-call agreement between the Department and the consultant.

Upon completion of your negotiations with the selected firm, and prior to executing any agreement with the firm, the City must submit to this office, in writing, the name of the selected firm, the draft (unsigned) agreement, the negotiated mandays and allowable maximum fee, copies of the firm's Certification of Final Indirect Costs and Schedule of Direct Labor, Fringe Benefits and Indirect Cost prepared in accordance with 48 CFR part 31 Contract Cost Principles and Procedures for the consultant's most current fiscal year or a previous approval letter by ALDOT's Finance and Audits Bureau, dated within one year from the date of approval, for both the prime and any sub-consultants being utilized. Once this office has reviewed and approved the aforementioned items, a notice to proceed will be issued to you advising that the City may execute the agreement with the consultant and allow the firm to begin work on the project.

The attached list of consultants will be valid for six months from the date of this letter. If no consultant has been selected within six months all permission previously granted will be considered rescinded. The written request to select a consultant will have to be resubmitted and authorization granted again by this office. Please advise us if you have any questions.

Sincerely,

Vincent Calametti, P.E.
Region Engineer
