Dear Mayor Konlar and Members of the Foley City Council:

The Mobile Symphony Youth Orchestra season is off to an incredible start and we are looking forward to our concert at the Foley Civic Center on Monday, December 10th, 2012 at 7:00 p.m.

I was thrilled when Charles Ebert suggested this concert, as the MSYO has wanted to perform in Baldwin County for the past several years.

I am appreciative of the time Charles, Pam, Brenda, and the Mayor took out of their busy schedules to tour the Civic Center with me and express their excitement for the concert.

In addition to expressing my thanks, this letter is meant as a request to the Foley City Council to wave all fees and charges associated with the use of the Civic Center. I would also be appreciative of any publicity that the City could provide so that we can truly make this concert a festive and fun evening for the families of Foley and the surrounding communities.

Your cooperation, excitement, and commitment to this performance of the MSYO mean more than we can express.

On behalf of the Mobile Symphony family, I thank all of you for your dedication and leadership.

Sincerely:

Robert J. Seebacher
