Is this purchase listed as a capital purchase in the approved budget? Yes

What amount is approved in the budget for this purchase? 50,000.00

Description of the item and why the item is needed at this time.

2006 Vactor 2100 Series Vac Truck for clearing culverts. It is much needed now for the regular, typical maintenance of culverts and drainage lines and will be needed when the MS4 regulations hit us.

Can your job be performed without the purchase of this item? Please explain below.

No, the city has grown and there are many more culverts that affect drainage so we need it to clear the blockages. We will also need it to meet MS4 regulations in the near future

Have you obtained any quotes on the purchase to determine if it will come in, at, or below budget? If so, please attach.
Yes and Yes.

We request the appropriation of \$35,000 for the 2006 Vactor 2100 Series Vac Truck under Account #100-3011-5100.

Is this to replace a current capital asset? No

If so please list below the item being replaced and why it can not be used any longer.

How do you plan to dispose of the item that is being replaced?

Darrell,

I was talking to JJ Kane Auction about the truck and they were saying I could get anywhere from 30-40 thousand for the truck. How about meeting in the middle at \$35,000 for the Vac truck. Let me know what you think.

Thank you

Yes sir. I was waiting to talk to you because of Sally. I have money budgeted and your unit is what we are looking for. I have copied my street supervisor and crew leader. They will be the ones to inspect it. If you would, let me know the cost so I can go to council and get it approved. We can come look at it when it is convenient for you. Let me know

thanks

??

Darrell,

??

Larry Waters was telling me that the City of Foley may be interested in our 2006 ??Vactor 2100 Series Truck??? If the City is still interested in it, let me know.?? We can setup a day and you can come check it out.

??

??

Thank you??
