COMPENSATION

Requisition No. PD-090512

The Provider shall pay to the Facility each month a fifty and point three percent (50.3 %) commission of gross revenues received. The Provider shall be responsible for collections and fraud, and shall not make any deductions from gross revenue for uncollectible accounts, billing fees or other administrative costs prior to applying the commission percentage. Notwithstanding the above, gross revenues shall not include taxes charged by an appropriate governmental entity. The monthly commission amount is therefore obtained by multiplying the commission percentage times each month's total charges.
