Dear Ms. Boutwell:

I am writing this letter to request from the Foley City Council that they consider waiving all permit fees for Habitat for Humanity of Baldwin County. We are currently engaged in a number of repairs in the Aaronville neighborhood and once as we receive additional funding, plan to continue to work with the homeowners in Aaronville who are in need of housing assistance. We also plan to build a new home this fall on Juniper Street for a mom and her four children. As funding is always a concern, anything the City Council can do to decrease the cost burden on Habitat is truly appreciated.

I appreciate you bringing this request before the Foley City Council and am available to answer any questions you or any of the council members may have regarding our request. Thank you for your assistance and we look forward to working with you, your department and the City of Foley in eliminating poverty housing in our community.

Sincerely,

A handwritten signature in blue ink that reads "Sandra Folan".
