Good morning.

Our police academies were delayed due to Covid 19. We now have dates available for several that have opened back up.

On our two new police positions, we have one filled by a sworn Officer from Tuscaloosa PD. The second one will be non sworn.

I'm requesting to go ahead and hire the two non sworn we are processing now that we will have openings for once the promotions are all complete.

The Sgt written exam is next week with two Cpl's making Sgt. Then two officers will make Cpl after they start their process which is 2 1/2 months long.

For us to make some of these police academy dates we need to complete the anticipatory hiring now like we've done in the past to meet the stringent police academy processing timeline. I should be good in my salary budget.
