Wayne,

Please find the attached capital project request from Gary regarding fiber extension to the Event Center. This is a planned capital project for this year and is intended to expand the bandwidth available to the Sports Tourism complex for their events. If you are in agreement with our moving forward I will have Gary bring this to an upcoming council meeting for approval.

regards,

Mike

Mike,

I'm ready to get started on the project to extend fiber from the Event Center to the Championship Field, Maintenance Shed, and Field House. Is the process just to email the attached form to you and Wayne, or is there a more preferred method?

Thanks,
