City of Foley  
Attn: David Thompson

PROJECT: Electrical Service for Soccer Fields

Mr. Thompson:

We are pleased to provide you a quote per the following scope of work:

- New 400amp 3phase 480v service on backboard
- Underground conduit, wiring, disconnect, and connection to well pump
- Control power transformer for irrigation controller

Total Price: \$10,500.00

Clarifications/Exclusions:

1. Priced based on new electrical service being located within 25' of power company transformer.
2. Owner to pay utility fees if any.
3. Power to new well pump is 480v 3phase.
4. We have included enough breakers for future lighting poles.

Sincerely,

Jake Smith  
Project Manager
