

Christie Sachse – Apex Shows and Events Reference Responses

- Patrick Steward/Director of Services for Keep Pensacola Beautiful
 - Phone # 262-888-3744
 - I spoke with Patrick and he explained that he has worked with Christie for two years. He and his staff takes care of the cleanup work for Christie's events. They provide trash cans and trash bags. They go around cleaning and picking up trash throughout the event. Patrick stated that Christie is very professional and does a great job planning the events and has a great turn out for all of the events. He has worked events in Panama City, Destin, Pensacola and Perdido.

 - Thank you for reaching out. I can say that the events Christie brought to our venue were fantastic. She handled things so well, communicated well with us, and took great care of our facility. We look forward to bringing her back if she wishes to host her events again.

 - Christie Sachse did put on a Food Truck Festival at our facility, Aaron Bessant Park. She was a pleasure to work with and was very organized and communicative throughout the process.
I do want to note that she does still have a balance with the City but I have been in contact with her about it getting paid. I would have to update you in the future on if her balance is ever paid.
