We had projected this project to close in FY 18 but since we had to wait on multiple construction easements we missed the end of FY 18. We are requesting \$6,800 from council to complete this project, and with the \$200 in the project bringing the total to \$7,000. We have a savings of \$12,000 from resurfacing and \$3,900 from Magnolia Circle Drainage Project.
