City Council,

The pastor, members, officers, and congregation of The Way, The Truth, And The Life Holiness Church located on 17665 Little Rock Rd, Foley, AL 36535 are requesting a variance and approval on a new church digital electronic church sign and a waive of the \$150 Board of Adjustment and Appeals application fee. The company we bought the sign from the electronic part is more than 50% of the sign and we didn't know that until we applied for a permit. The company has its different types of signs set for their manufacture needs as we discussed to see if their could be a change and it was denied. The sign we have has ran its course and needs repairs, but the repairs we need the company we bought it from is no longer in service.

The purpose of our sign is as follows:

- 1.) letting the people know of our times and days we have service
 - 2.) able to read scriptures we post up
 - 3.) notify our community of our special events we have coming up or going on
 - 4.) able to let the guest church(es) or visitor(s) where the church is located and able to see it
- We as a congregation would appreciate the approval for our new church sign because it is much needed and would be easier for us to operate it.

For additional information you may contact Pastor John E. Sledge, Sr. at 251-943-4907 (H) or 251-979-7260 (C). If not able to get in contact with the pastor you may contact me and I will pass the message on to him. My contact information is below.

Thanks,
Holy Apostle John E. Sledge, Sr. & The Way, The Truth, And The Life Holiness Church
