

SUMMARY OF APRIL 2014 FEMA DISASTER EVENT #4176-DR-AL- CITY OF FOLEY

- In total, 41 sites received damage during the flood event of April 29, 2014.
- Of these 41 sites, Public Works Department completely restored 31 sites.
- 6 sites have not been repaired as of 9/25/2014.
- Of these 6, consultants are developing plans for 3 (Pecan St. Culvert, FBE Wingwall Failure, and Justice Center Flume).
- Engineering will be developing plans for the remaining 3 (Airport Outfall Ditch, Michigan Ave. pavement repair, and Sonny Callahan Bridge riprap replacement).

For convenience, an adjoining spreadsheet has been created to provide more detail to the individual locations.
