Good afternoon Daisha,

A citizen has requested a streetlight installation near 211 Satsuma street. I visited the area, and the attached photos are of an existing pole that if a light is installed, should address the citizen concern. The pole # is 3092 and I spoke to Jon Harrison with Riviera Utilities this morning and shared the pole # and photos with him. The cost will be \$50.00 aid to construction with a \$6.00 per month billing cost for an unmetered light. If you will prepare an agenda item and resolution for this request for council approval I will appreciate it greatly.

thank you,

J. Buford King  
Director of Public Projects  
Infrastructure and Development  
City of Foley, AL  
(251) 498-4023
