Attn: Lt Tony Fuqua

Reference: Remediation – Male Holding Area

7/15/2014

Dear Tony,

I appreciate the opportunity to provide this quotation for services to be performed at Foley Correction Center.

We propose to furnish all labor, material, supplies and equipment needed to perform the work required to remove the growth located in the male work release day room, adjoining cells, the multipurpose room and hallway outside these areas. This includes removal of the drywall a minimum of 2 feet beyond the affected area and cleaning as outline in the protocol developed Capital Beltway Environmental. This work shall be accomplished for the lump sum costs of Thirteen Thousand One Hundred Ninety Three dollars (\$13,193.00).

This scope of work was prepared based on the visual inspection performed on 7/10/2014 and the details provided in the Mold Spore-Trap/Swab Report and Results and Protocol written by Capital Beltway Environmental, a copy of which was provided during the site visit.

It is expected that the remediation and cleanup activity will occur over a 3 day period. During the remediation and cleaning, occupancy and use of the areas will be limited to cleaning and facility personnel only. Additional time should be allowed for the filtering and drying equipment to run prior to the clearance testing per the recommendation in the protocol. The air duct cleaning will be coordinated to be performed once the remediation and cleaning has been completed. During the performance of this work, facility access shall be coordinated with security/police contact in order to maintain the required security levels within the facility. Work can commence upon notice to proceed.

All trash and debris shall be removed from the site and disposed of as required.

Thank you again for the opportunity to provide you this quotation. I look forward to working with you. Please contact me should you have any questions or need any additional information.

Kind Regards,

A handwritten signature in black ink, appearing to read "Thomas Murphy", is written over a light blue horizontal line.
