RE: PURCHASE OFFER ON ONE 2002 E-ONE RESCUE PUMPER (ENGINE 5)

Chief Darby,

The board of directors of McCall Volunteer Fire Department voted unanimously during our February business meeting to proceed with all necessary actions to purchase Foley FD's Engine-5 (2002 E-One Rescue Pumper); and to do so, as soon as the truck has been declared surplus equipment and becomes available for sale.

On behalf of McCall Volunteer Fire Department, I herewith tender our purchase offer in the total amount of \$80,000 for Foley FD's Engine-5 (2002 E-One Fire Truck). We are financially prepared to submit a \$10,000 deposit in order to secure this transaction.

McCall VFD was established in 1983 and is located on US Highway 31 between the city limits of Brewton and Flomaton within Escambia County Alabama. Our twenty-four (24) firefighters & EMTs provide Fire & Emergency Medical Services for more than 2000 residences and businesses in our rural community. We currently hold an ISO Protection Class-5 rating.

Our all-volunteer department operates on an annual budget of less than \$25,000 which is principally received from Sales Tax & Cigarette Tax revenues, and local fund raising projects. We cover our 30 square mile response area with three trucks (1-Pumper, 1-Tanker, and 1-Brush Rescue). Our newest fire truck is currently over 30 years old.

We thank you for the opportunity of submitting this bid and sincerely hope the City of Foley favorably considers this offer.

C. H. Jackson
Fire Chief
