Thank you for the interest in our company. Our dual purpose dogs are \$14,000 with a 4 week course. The dogs are pre-trained prior to your arrival for class on Cocaine, Meth, Heroin and MDMA (Marijuana is optional) . The price includes the handler course, a stay in our on-site dorm facilities, and official certification of the handler team upon completion of the course. All of our dogs come with a 1 year guarantee on the genetic health and the training.

Pacesetter K9 is licensed by the Drug Enforcement Administration (DEA) to maintain controlled substances for use in conducting realistic on-site Drug Dog and Drug Dog K9 Handler Training. Pacesetter K9 does not utilize pseudo training aids. This allows us to conduct real life training scenarios and provide top quality canines and the best training available.

During the classroom portion we cover the health and care, proper training, documentation and updated case law. We spend a majority of time working dogs at our facilities. We do take the handlers out to various locations to include schools and half way houses for live searches. This is great for new handlers to return with real life experience. The 3<sup>rd</sup> week is spent on a 1,100 acre ranch working on bite work, tracking through thick wooded brush, farm lands and across creeks and rivers. The 4<sup>th</sup> week for dual purpose dogs is spent working on real life training scenarios, vehicle extractions, building searches, passive suspects and bite/ no bite situations.

**If you are only wanting to purchase a green dual dog that cost is \$9,000.** The vast majority of our dogs are Belgian Malinois and Shepherds so that wont be a problem to get for you.

You are more than welcome to come out for a visit and demonstration. Please give us a call and we can schedule it. Feel free to call or email if there is anything else we can do for you.
