The following agencies are in AL, they are in order of "first come, first serve" and it may be better to donate closest to your area. Please provide distance / proximity information if you know it and I will reach out to the agencies but give your email and phone number for them to contact you directly to see vehicle.

We prefer you use our agreement (attached) when the transfer happens. This way the vehicle will remain with law enforcement and will not fall into civilian hands and/or for profit.

Yes it still runs and we would like to pass it along to another agency.

If it is not running, you can contact a disposal company and scrap the vehicle.

Just send us a photo of the vehicle that was destroyed with the VIN, year, model, etc.
